Overview

Ecology assembled a list of potentially eligible parties covered by the Clean Air Rule.

Businesses and organizations that emit 10,000 or more metric tons of carbon dioxide equivalent (MT CO₂e) per year in Washington must report their greenhouse gas (GHG) emissions annually. These reporting data were submitted to Ecology since 2012.¹

Ecology reviewed 2012-2015 reported GHG data to identify facilities with average emissions equal to or exceeding 10,000 MT CO₂e. Ecology identified additional parties with emissions above this level, including GHG data submitted to EPA², that may be covered by the Clean Air Rule.

Compliance Threshold	
Compliance Threshold (Metric tons CO ₂ e/Year)	First Compliance Period (Calendar Year)
100,000	2017-19
95,000	2020-22
90,000	2023-25
85,000	2026-28
80,000	2029-31
75,000	2032-34
70,000	2035 and beyond

Energy-intensive and trade-exposed facilities and petroleum fuel importers will join the program in 2020. Parties with emissions between 70,000 and 100,000 MT CO₂e will join the program when they exceed the declining threshold.

Clean Air Rule Potentially Eligible Parties

Covered Party	First Year Reductions are Required	Type
Agrium Kennewick Fertilizer Operations (KFO) - Kennewick	2020	EITE* stationary source
Alcoa Intalco Works - Ferndale	2020	EITE stationary source
Alcoa Wenatchee Works - Malaga	2020	EITE stationary source
Ardagh Glass Inc. - Seattle	2032	EITE stationary source
Ash Grove Cement Company - Seattle	2020	EITE stationary source
Avista Corporation LDC - statewide	2017	natural gas local distribution company
Boeing Commercial Airplanes - Everett	2035	EITE stationary source
Boise Paper - Wallula	2020	EITE stationary source
BP Cherry Point Refinery - Blaine	2017	stationary source and petroleum product producer
C/N Ethanol Marketing Corp	2020 or later	petroleum product importer
Cardinal FG Company - Winlock	2020	EITE stationary source
Cascade Natural Gas Corporation LDC - statewide	2017	natural gas local distribution company
CHS Inc.	2020 or later	petroleum product importer
CityServiceValcon LLC	2020 or later	petroleum product importer
Cowlitz County Headquarters Landfill - Castle Rock	2017	stationary source
ECO-Energy LLC	2020 or later	petroleum product importer
Enwave - Seattle	2035	stationary source
ExxonMobil	2020 or later	petroleum product importer
Fred Meyer Stores Inc	2020 or later	petroleum product importer
Frederickson Power LP - Tacoma	2017	stationary source
Gas Transmission Northwest Compressor Station 6 - Rosalia	2029	stationary source
Gas Transmission Northwest Compressor Station 8 - Wallula	2020	stationary source
Georgia-Pacific Consumer Products LLC - Camas	2020	EITE stationary source

Covered Party	First Year Reductions are Required	Type
Grays Harbor Energy Center - Elma	2017	stationary source
Green Plains Trade Group LLC	2020 or later	petroleum product importer
H.W. Hill Landfill Gas Power Plant - Roosevelt	2026	stationary source
IPC (USA)	2020 or later	petroleum product importer
JR Simplot - Othello	2026	EITE stationary source
Kaiser Aluminum Washington, LLC (Trentwood Works) - Spokane Valley	2020	EITE stationary source
King County Solid Waste Cedar Hills Landfill - Maple Valley	2017	stationary source
Land Recovery Landfill Industrial - Graham	2017	stationary source
Longview Fibre Paper and Packaging, Inc/KapStone Kraft - Longview	2020	EITE stationary source
McCain Foods - Othello	2023	EITE stationary source
Northwest Pipeline C/S - Sumas	2029	stationary source
Nucor Steel Seattle, Inc, - Seattle	2020	EITE stationary source
NW Natural - Washington - statewide	2017	natural gas local distribution company
PacifiCorp Energy - Chehalis Generating Facility - Chehalis	2017	stationary source
Pettit Oil Co	2020 or later	petroleum product importer
Phillips 66 Ferndale Refinery - Ferndale	2017	stationary source and petroleum product producer
Port Townsend Paper Corporation - Port Townsend	2032	EITE stationary source
Puget Sound Energy - Encogen Generating Station - Bellingham	2017	stationary source
Puget Sound Energy - Ferndale Generating Station - Ferndale	2017	stationary source
Puget Sound Energy - Fredonia Generating Station - Mount Vernon	potential	stationary source
Puget Sound Energy - Goldendale Generating Station - Goldendale	2017	stationary source
Puget Sound Energy - Mint Farm Generating Station - Longview	2017	stationary source
Puget Sound Energy - Sumas Generating Station - Sumas	2017	stationary source
Puget Sound Energy LDC - statewide	2017	natural gas local distribution company
REC Silicon - Moses Lake	2020	EITE stationary source
River Road Generating Plant - Vancouver	2017	stationary source
RockTenn Tacoma Mill - Tacoma	2020	EITE stationary source
Roosevelt Regional Landfill - Roosevelt	2017	stationary source

Covered Party	First Year Reductions are Required	Type
RPMG, Inc.	2020 or later	petroleum product importer
SEI Fuel Services, Inc.	2020 or later	petroleum product importer
Shell Puget Sound Refinery - Anacortes	2017	stationary source and petroleum product producer
Southern Counties Oil Co Ltd	2020 or later	petroleum product importer
Spokane Waste to Energy Facility - Spokane	2017	stationary source
Suncor	2020 or later	petroleum product importer
Terrace Heights Landfill - Yakima	2017	stationary source
Tesoro Refining & Marketing Company LLC - Anacortes	2017	stationary source and petroleum product producer
Tyson Fresh Meats, Inc. - Wallula	Potential	EITE stationary source
U.S. Oil & Refining Co. - Tacoma	2017	stationary source and petroleum product producer
University of Washington Seattle Campus - Seattle	2029	stationary source
US Army Joint Base Lewis-McChord - Pierce Co.	2029	stationary source
Vitol Inc.	2020 or later	petroleum product importer
WaferTech LLC - Camas	2020	EITE stationary source
Weyerhaeuser NR Company - Longview	2020	EITE stationary source
Wilson Oil Inc	2020 or later	petroleum product importer
World Fuel Services, Inc.	2020 or later	petroleum product importer

* EITE means energy-intensive trade-exposed
